### Astonishing Hypothesis The Scientific Search

Astonishing Hypothesis: A Scientific Search for the Soul" by Francis Crick changed the direction of my thinking. It certainly helped me resolve questions (in my mind) concerning certain religious issues. I began to pursue the realm of "What is consciousness", which led me into neuroscience. I attended the Consciousness Conference in Tucson, Az. (1996).

The Astonishing Hypothesis is that "You," your joys and your sorrows, your memories and your ambitions, your sense of personal identity and free will, are in fact no more than the behavior of a vast assembly of nerve cells and their associated molecules. As Lewis Carroll's Alice might have phrased it: "You're nothing but a pack of neurons."

### Astonishing Hypothesis: The Scientific... book by Francis ...

The Astonishing Hypothesis posits that "a person's mental activities are entirely due to the behavior of nerve cells, glial cells, and the atoms, ions, and molecules that make them up and influence them." Crick claims that scientific study of the brain during the 20th century led to acceptance of consciousness, free will, and the human soul as subjects for scientific investigation.

**The Astonishing Hypothesis : The Scientific Search for the ...**

What is consciousness? We all know the immediate experience of what it is to be conscious, but from a scientific perspective what on earth it is!? Is it as Francis Cricks "Astonishing Hypothesis" suggests - a phenomena completely explainable as the result of complex neuronal interactions, or is it a quantum mechanical phenomena ?

**Astonishing Hypothesis - science of consciousness meetup ...**

An idea here is nicely summarized by the Nobel prize winning biologist Francis Crick, he calls it the Astonishing Hypothesis. As he writes, the Astonishing Hypothesis is that You, your joys and your sorrows, your memories and your ambitions, your sense of personal identity and free will, are in fact no more than the behavior of a vast assembly of nerve cells and their associated molecules.
