Augustus by John Williams was my favorite book read of 2015. John Williams is a relatively obscure author who produced only five novels, most of which he penned while serving as a literary professor at the University of Denver. What he lacked in volume, he made up for in quality in this powerful novel alone, which was published in 1971.

John Williams: Augustus | The Mookse and the Gripes

'Augustus' er en historisk roman i særklasse, beundringsværdigt skrevet af John Williams.
