fantastic illustrations, combine them with a simple lift-the-flap story, and you've got a set that should provide hours of fun for your baby. This set includes 3 of her more popular titles. Belly Button and Toes both talk about different body parts, while the third book is a hide-and-seek game between Mommy and baby.

Very sturdy box that holds the 3 books. My 15 month old son's favorite books are the ones that he can interact with - and Karen Katz books are some of the best. The colors are bright, the images are clear, and the flip flaps are sturdy and easy enough to lift while still requiring him to pinch his fingers and pay attention.
