I'm looking at buying a new welder to weld 10ga - 1/4" steel and throw in the back of the truck for small repairs. It's a Wolfpack 270 portable welder w/ a Honda engine. It has about 500 hours put on it as you can see in the pictures. I'm wondering if anyone has any good advice or tidbits of information to offer. Thanks.

Question about buying a new welder - Wolfpack 270 Portable ...
