The Slow Professor posits that we can begin to resist this culture in order to foster some of the other values that make academia sustainable: reading, writing for the sake of processing thoughts (not always publishing), and candid conversations with colleagues. This may be a helpful read for academics who are

“Slow Professors advocate deliberation over acceleration. We need time to think, and so do our students. Time for reflection and open-ended inquiry is not a luxury but is crucial to what we do.”

— Maggie Berg, *The Slow Professor: Challenging the Culture of Speed in the Academy*

Critical thinking is a beautiful practice, one that can lead us to a healthier and more just society. One way we can get there is through reading books that challenge the narratives we've been told our entire lives. I reached out to my old university English professor who first brought these books into my periphery.

My English Professor
