Novel Of The Fae

Sun is the story of sinners, pressed into a world where maybe those sins don't count the same way, among creatures who may or may not even have souls to save. It's far more about their own less-than-savory failings than it is the mysteries of the fae, even as those mysteries surround them.

Laon's mission is a cavernous and ruined castle on a simulacrum of the English moors, only no English moor ever dwelt beneath a literal pendulum sun or a moon that is also a fish. I really hope you don't mind religion, because Under the Pendulum Sun is (appropriately) full of it.
